

## **vitrine & showcase**

The Vitrine & Showcase Standard Series is a highly-accessible line of standardized museum-quality display cases that are kept in stock and shipped fully assembled to better serve projects with quick timelines and limited budgets.

# **THE STANDARD SERIES**

standard display case series

## vitrine & showcase

The Display Case is distinguished by its straight lines and modern style. Its sleek design promotes simplicity and strikes the right balance between practicality and aesthetics. The options offered are incredibly well thoughtout and increase the flexibility offered by this “unique” display case.

# UNIQUE DISPLAY CASE

standard display case series

## vitrine & showcase

The Table Case may be supplied with a single full-width exhibition drawer or two side-by-side drawers. These drawers include a secured and removable glass top. They are available in a variety of laminate finishes to blend with your gallery spaces.

# EXHIBITION DRAWERS

## vitrine & showcase

The Table Case offers a clamshell opening mechanism for easy access to your collections. It is built with laminated safety glass which will protect your artefacts from exposure to UV rays. Your display case will also meet the highest level of security with its concealed Cam Lock.

# OPENING MECHANISM AND SECURITY

## vitrine & showcase

A flexible LED system with dimmable and adjustable mini spotlight fixtures on a low voltage power track can easily be added or removed to meet your changing display needs.

# LED LIGHTING

## vitrine & showcase

The Display Case are shipped completely assembled and require minimal maintenance, thanks to their sealed, dust-proof display enclosures.

---

# DELIVERY AND MAINTENANCE

## vitrine & showcase

As with all our products, the vitrine & showcase are entirely designed and manufactured in Indonesia. We work with local suppliers and use top quality materials to ensure optimal durability and sustainability of our products.
